

Meeting of the eINEBRIA Special Interest Group in Santiago de Chile

Thursday 27th September, 2018

Present: Maria Lucia Formigoni, Marcella Ferreria Gonçalves, André Bedendo, Michael Schaub, Claudia Bambs, Joan Colom, Peter Echin, Silke Diestelkamp, Felipe Allende, Antonio Martínez, Leo Pas, Claire Garnett, Lilia D'Souza, Nikolaos Boumparis, Zarnie Khadjesari, Teresa Barroso, Heleen Ripper, Nicolas Barticevic, Antoni Gual, Hugo López, Paul Wallace (Chair).

Minutes

1. Welcome and introduction

Paul Wallace and Toni Gual introduced the agenda and the eINEBRIA SIG for those who had no previous experience with us. Everyone introduced him/herself briefly. The agenda could not be followed in full due to time constraints.

2. Minutes of last meeting

There were no amendments

3. Report on activities of the eINEBRIA SIG Working Group

a. eINEBRIA SIG pre-conference at INEBRIA 2018 Chile

Summary of main proposals to emerge from the pre-conference was presented by Paul Wallace. Briefly, these consisted of the following:

- 1) repository of digital interventions to be established within the website,
- 2) A call to facilitate research data sharing among eINEBRIA members to create opportunities for early researchers and others to conduct secondary data analysis.
- 3) Establishment of young researchers' exchange program .

For more details see the document of pre-conference on the INEBRIA website.

b. Networking activities and website development

Hugo López informed briefly about the changes in the website and the tools (articles repository and eINEBRIA SIG section)

c. Update on priority areas for action as discussed at INEBRIA New York:

These topics could not be addressed in full due to time constraints.

- i. Methods for the description and rating of digital applications
- ii. Methods relating to trial design and evaluation of digital applications

- iii. Identification of emerging technologies with potential relevance for eINEBRIA (e.g. bracelets for detection of sweat alcohol concentration)

4. Future activities and fundraising

For the next INEBRIA conference (Lübeck, Germany; September 2019), the eINEBRIA SIG has been invited by the Board to organize a further pre-conference focused on digital interventions.

5. Any other business

There was no other business
