Scientific committee

19 September 2014

Chair: Marcin Wojnar Medical University of Warsaw, Warsaw, Poland

Peter Anderson	Institute of Health and Society, Newcastle University, UK and Faculty of Health, Medicine and Life Sciences, Maastricht University, Netherlands
Frederic Blow	Department of Psychiatry, University of Michigan Medical School, Ann Arbor, MI, USA
Jean Bernard Daeppen	Centre de Traitement en Alcoolologie, Lausanne University Hospital, Lausanne, Switzerland
Niamh Fitzgerald	Create Consultancy, The Robert Gordon University, Glasgow, UK
Antoni Gual	Alcohol Unit & Psychiatric Service, Hospital Clínic, Barcelona, Spain
Sion Harris	Children's Hospital Boston, Harvard Medical School, Boston, USA
Nick Heather	Unit of Psychiatry, School of Life Sciences, Northumbria University, Newcastle, UK
Eileen Kaner	Institute of Health & Society, Medical School, Newcastle University, UK
Marko Kolsek	Department of Family Medicine, Medical Faculty, University of Ljubljana, Ljubljana, Slovenia
Miranda Laurant	Scientific Institute for Quality of Healthcare (IQ Healthcare), Nijmegen, Switzerland
Jim McCambridge	London School of Hygiene & Tropical Medicine, Faculty Public Health & Policy, Department of Social & Environmental Health Research, London, UK
Dorothy Newbury-Birch	Institute Health & Society, Newcastle University, Newcastle, UK
Lodewijk Pas	Domus Medica, Wezembeek Oppem, Belgium
Richard Saitz	Boston Medical Center (BMC), Boston University Medical Camps (BUMC), Boston, USA
Lidia Segura	Program on Substance Abuse, Department of Health, Government of Catalonia, Barcelona, Spain
Emanuele Scafato	Istituto Superiore di Sanita, WHO collaborating Centre of Research, National Observatory on Alcohol (CNESP), Rome, Italy
Pierluigi Struzzo	Regional Centre for the Training in Primary Care, Montefalcone, Italy
Paul Wallace	University College of London, London, UK

THURSDAY, 18th SEPTEMBER 2014

09:00-10:00

Opening and Plenary Lecture 1

Nick HEATHER: The interpretation of null findings from trials of alcohol brief interventions: problems and solutions

10:00-10:30

Coffee Break

10.30-11.45

AULA A

Room 117

Room 119

Chair: R. Huebner

Chair: C. Cherpitel

Chair: E. Scafato

SESSION 1: SYMPOSIUM 1

Screening and Brief Intervention across Settings, Patient Populations, and Providers

R. Huebner: Screening and Brief Intervention across Settings, Patient Populations, and Providers

S. Sterling: Adolescent SBIRT Implementation In Pediatric Primary Care: Results from a Randomized Trial in an Integrated Health Care Delivery System

F. Chi: Effectiveness of Screening and Brief Intervention in Reducing Risky Drinking: Results from an Implementation Study in Primary Care Setting

D. Satre: Motivational interviewing to reduce alcohol and drug use among adults in treatment for depression: 6 month outcomes

C. Weisner: Effectiveness of Nurse-Practitioner-Delivered Brief Motivational Intervention for Young Adult Alcohol and Drug Use in Primary Care in South Africa: A Randomized Clinical Trial

SESSION 2:

Efficacy of SBI in different settings

C. Cherpitel: Screening and Brief Intervention (SBI) in the Emergency Department among Mexican-Origin Young Adults: 12 Month Outcomes of a Randomized Controlled Clinical Trial

G. Bishof: Efficacy of the Community Reinforcement and family training for treatment-resistant individuals with alcohol use disorders: A randomized controlled trial

T. Barroso: Alcohol Brief intervention in patients in methadone maintenance programs: An experience in Portugal

R. Dhital: Randomised trial of effectiveness of brief alcohol interventions delivered by community pharmacists

SESSION 3: WORKSHOP 1

Developing evidence-based recommendations for practice: Methodological considerations from the BISTAIRS project

E. Scafato

11.45-13.00

AULA A

Room 117

Room 119

Chair: A. Gual

Chair: F. Blow

Chair: G. Bischof

SESSION 4: SYMPOSIUM 2

The need to optimize the delivery of Brief Interventions: Results and conclusions from the Odhin project.

A. Gual: Introduction

M. Keurhorst: Implementation determinants for managing hazardous and harmful alcohol consumption in primary healthcare. A systematic review and meta-regression analysis of trials

M. Wojnar: How European general practitioners face alcohol problems

J. Colom, L. Segura: Beyond evidence. Lessons learnt from the ODHIN RCT

C. Angus: New evidence on the cost-effectiveness of Brief Interventions in primary care: results from the ODHIN trial

P. Anderson: So what? Policy implications of the ODHIN findings.

**SESSION 5:
Efficacy of E-BI**

N. Bertholet: Internet-based brief intervention for young men with unhealthy alcohol use: a randomized trial in a general population sample

F. Blow: Efficacy of Computer vs. Therapist Brief Interventions for Drug Users

K. Kuzubova, S. Harris: Computer-Facilitated Screening and Physician Brief Advice: Effects on Heavy Episodic Drinking Among Adolescents

S. Harris: Validity of computer vs. clinician screening of adolescents in primary care

SESSION 6:

Screening and brief intervention tools and guidelines

A. Baklazec: Screening for adverse childhood experiences among health professionals assessed for substance use and mental health disorders

G. Bischof: The German S-3 Guidelines for Brief interventions in the alcohol field

B. Reimann, C. Swenson: Beating the Odds: A Physician's Success Story on True Integration

A. O'Donnell: Developing and delivering tailored ASBI implementation strategies in primary healthcare and beyond: Preliminary findings from the BISTAIRS research project

13.00-14.00

Lunch

14.00-15.00 **AULA A**

Chair: J. McCambridge

Nick Heather Annual Lecture

Mary LARIMER: Screening and Brief Intervention for college student drinking: Successes, challenges, and the road ahead

15.00-16.30 **AULA A**

INEBRIA AGM

16.30-16.45 **Coffee Break**

16.45-18.00

AULA A **Room 117** **Room 119**

Chair: P. Anderson Chair: P. Struzzo Chair: J-B. Daepfen

SESSION 7: SYMPOSIUM 3

ODHIN cluster randomized factorial trial to increase screening and brief advice rates for heavy drinking

A. Gual: Introduction

M. Keurhorst: Methods of ODHIN cluster randomized factorial trial

M. Laurant, P. Bendtsen: Baseline results of ODHIN cluster randomized factorial trial to increase screening and brief advice rates for heavy drinking

P. Anderson: Implementation results of ODHIN cluster randomized factorial trial to increase screening and brief advice rates for heavy drinking

SESSION 8: Efficacy of SBI in Primary Care

S. Assanangkorchai: Cost and cost-effectiveness of the ASSIST-linked brief intervention for alcohol and illicit substance abuse in primary care in Thailand

A. Krupski: Brief Intervention for Problem Drug Use in Public Hospital-Based Primary Care Settings: A Randomized Clinical Trial

P. Struzzo: The EFAR Italy RCT Study on an alcohol reduction website: the three months follow-up results.

SESSION 9: WORKSHOP 2

Brief advice or brief motivational intervention? Discussion about optimal efficacy according to patient profile, intervention and setting

J-B. Daepfen

FRIDAY, 19TH SEPTEMBER 2014

9.00-10.00

Plenary AULA A

Chair: J. Colom

Plenary Debate 1

Preben BENDTSEN and Sven ANDREASSON:

Internet alcohol interventions - can they stand alone or do they need to be integrated with a personal contact?

10.15-11:15

Coffee break/Poster Session (HALL)

11:15-12:30

AULA A

Room 117

Room 119

Chair: L. Segura

Chair: J. McCambridge

Chair: M. Wojnar

SESSION 10: Screening tools

A. Bischof: Pilot study iPin- intervening in Problematic Internet use - Brief intervention for risk groups

J. McNeely: Validation of a computer self-administered Alcohol, Smoking and Substance Involvement Screening Test (ASSIST) in primary care patients

C. Swenson: Adolescent Screening and Brief Intervention for Marijuana Prevention in Colorado

J. Hahn: Comparing trends in unhealthy alcohol use measured by a phosphatidylethanol and self-report in persons with HIV in rural Uganda

SESSION 11: WORKSHOP 3

Design and conduct of randomised controlled trials of brief interventions for alcohol and drugs

J. McCambridge

SESSION 12:

Brief interventions in adolescents

E. Tanner-Smith: Brief Alcohol Interventions for Adolescents and Young Adults: A Systematic Review and Meta-analysis

N. Fitzgerald: Alcohol Brief Interventions in Youth Settings Outside Formal Education: Feasibility, Acceptability, Evaluability

S. Mitchell: Adolescent SBIRT Implementation in an Urban Federally Qualified Health Center: The First Year

E. Weitzman: Screening for Alcohol Use Among Adolescents with Chronic Medical Conditions

12.45-14.00

Lunch

14.00-15.00

Chair: J-B. Daeppen

Plenary debate 2: How does Brief Intervention work?

Molly MAGILL: Brief intervention mechanisms: What does current research on Motivational Interviewing process have to offer?

Jacques GAUME: What do we know about mechanisms of action of brief alcohol interventions?

15.00-15.30

Coffee break

15:30-16:45

AULA A

Room 117

Room 119

Chair: N. Fitzgerald

Chair: M. Monteiro

Chair: D. Finell

SESSION 13:
Implementation of SBI

SESSION 14:
SBI Programs in different countries

SESSION 15: WORKSHOP 4
Strategies for integrating SBI into health policy

A. O'Donell: Measuring the impact of financial incentives on the implementation of screening and brief alcohol interventions in UK primary care

F. Rosario: Differences between general practitioners groups with different attitudes towards drinkers: a post-hoc study of the ODHIN WP4 project in Portugal

D. Finell

M. Singh: Barriers and Facilitators to Delivery of Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

K. Sinadinovic: Associations between attrition and baseline wellbeing for participants in two randomized trials investigating Internet-based interventions for reducing substance use

H. Otete: Are there early opportunities to provide brief interventions in Primary and Secondary Healthcare settings in the UK?

A. Mierzecki: ODHIN Study baseline results of screening and brief interventions for alcohol – are there country differences?

N. Fitzgerald: Implementation of Alcohol Brief Interventions in A&E and Antenatal Settings in Scotland: A Qualitative Interview Study

A. Bohnert: A brief intervention to prevent opioid overdose and improve overdose bystander response among patients in the emergency department

16:45-17:00

Closing

Pre-Conference Meetings

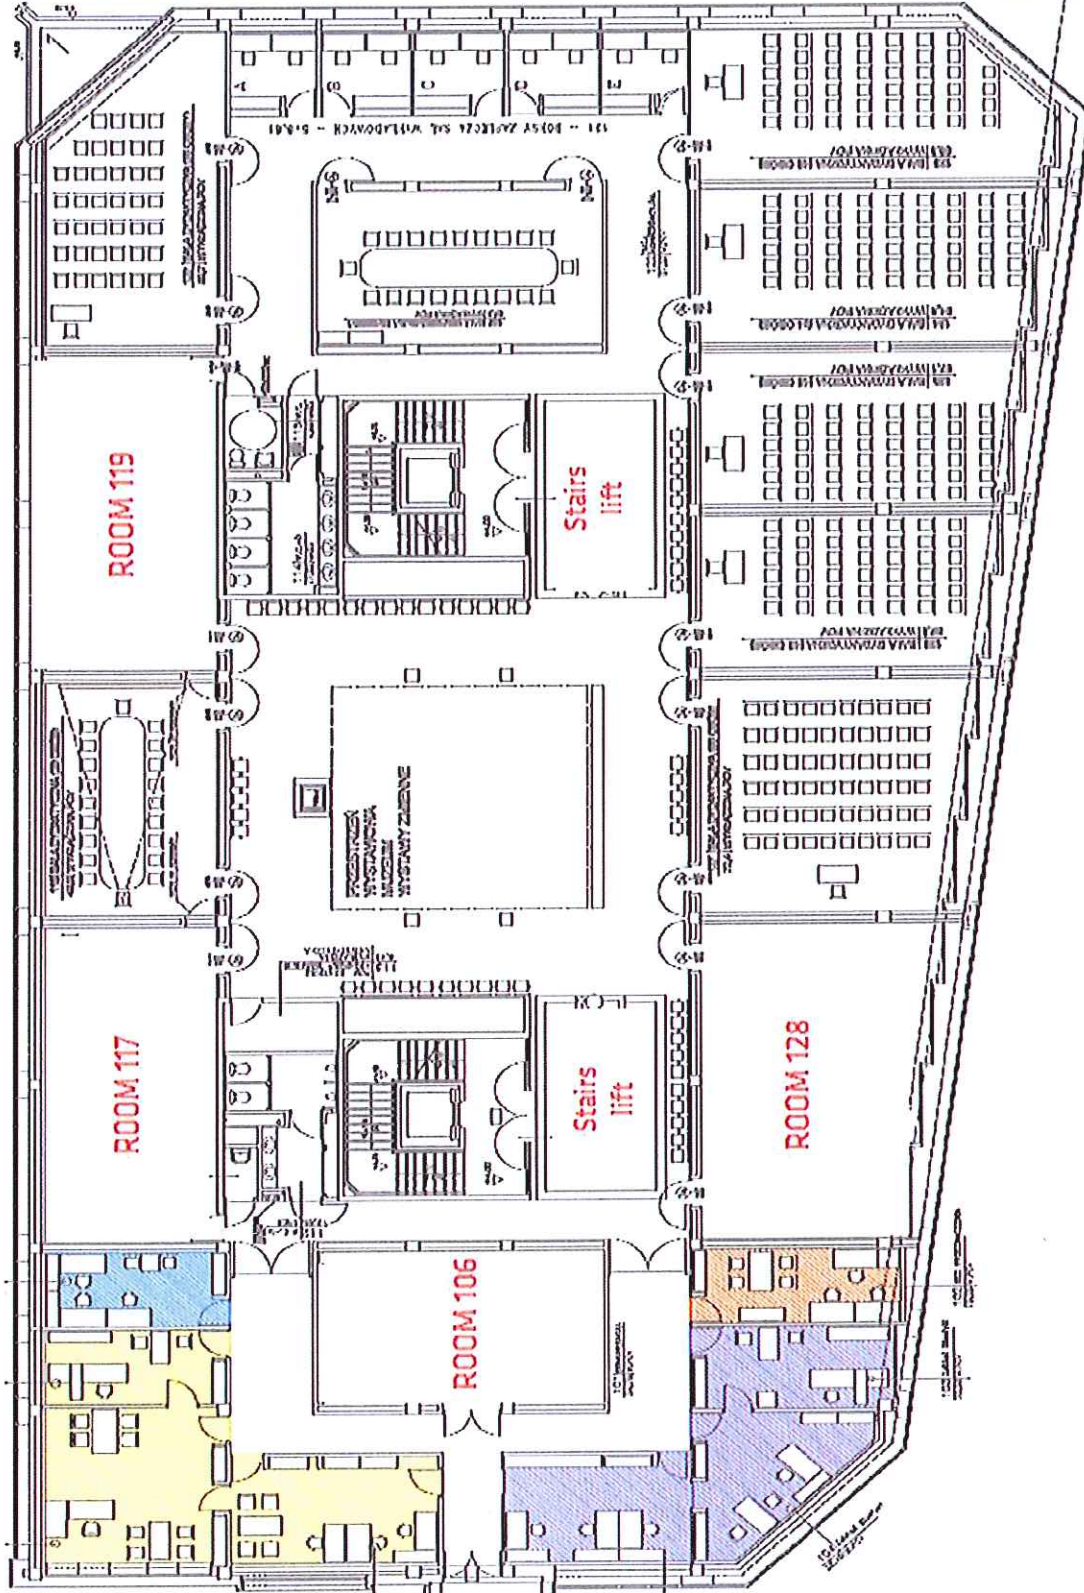

17 September 2014

CBI Building

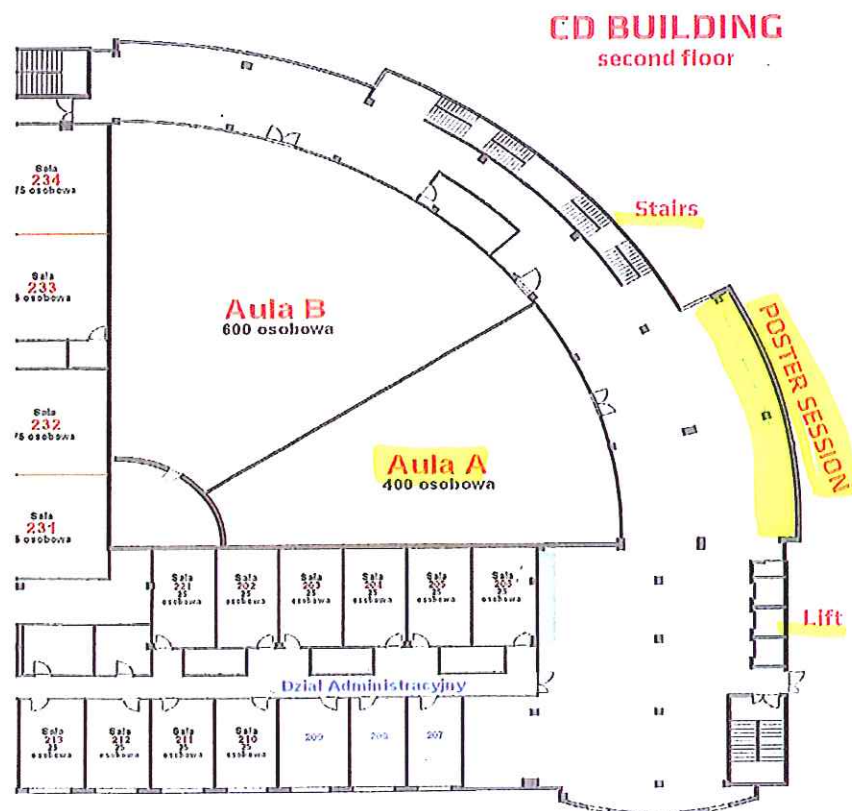

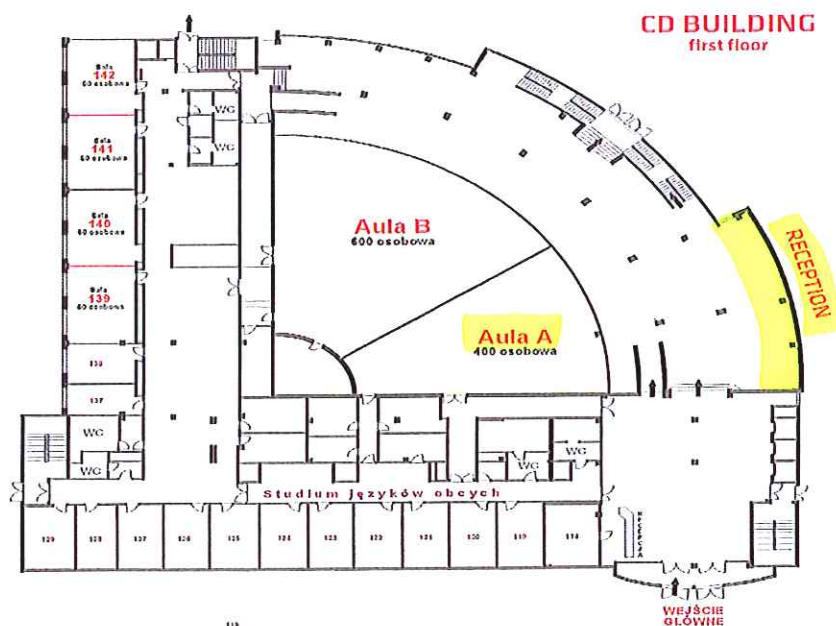

ODHIN Project	9 to 16h	room 128
INEBRIA CC	16 to 19h	room 128
BISTAIRS Project	16 to 19h	room 106

CBI BUILDING
second floor

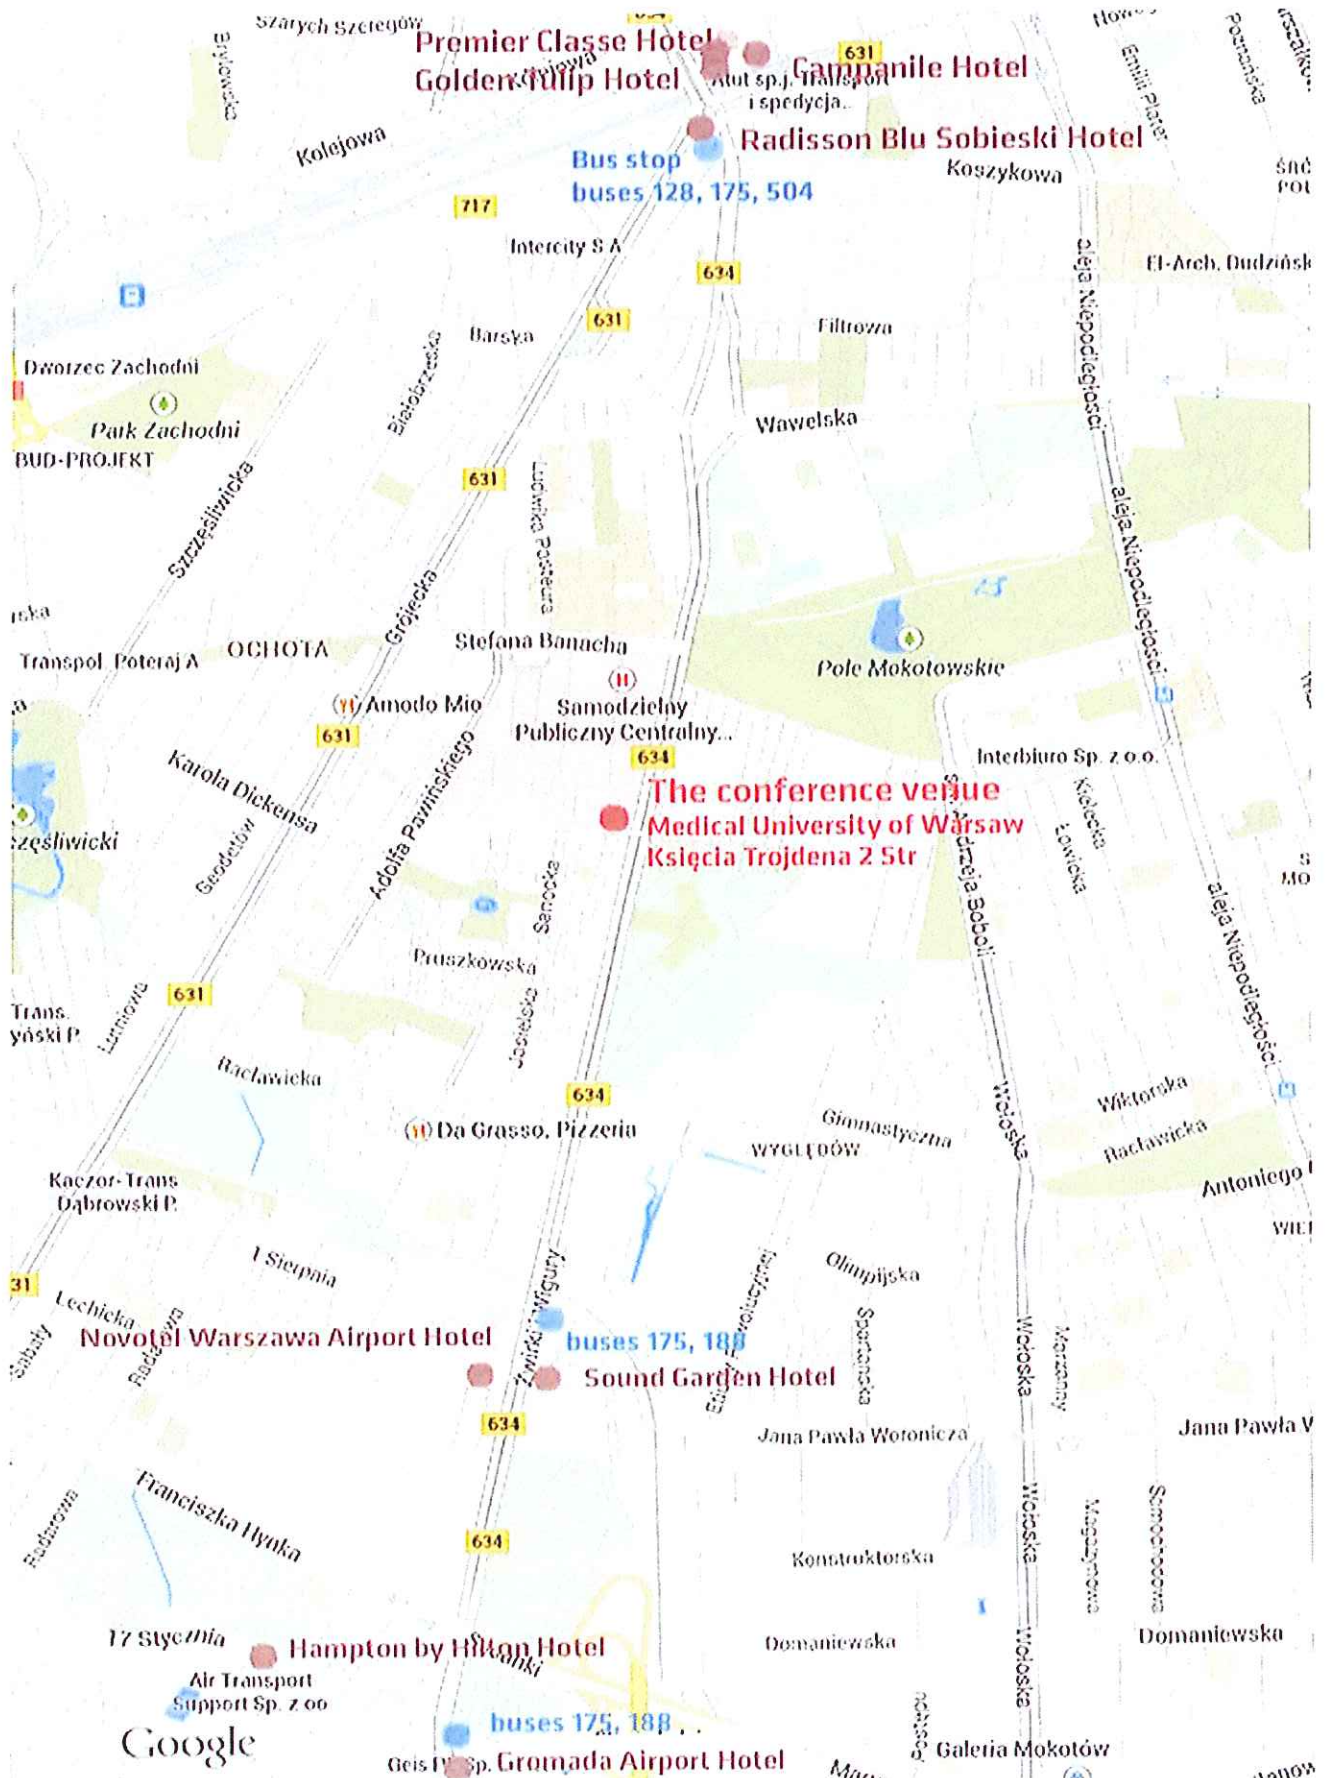

The conference will take place in two buildings: CBI and CD
Aula A is located in CD building.
Rooms 106, 117, 119, 128 are located in CBI building
Pre-conference meetings take place only in CBI building

Buildings CD and CBI adjacent to each other

How to get to the Conference Venue

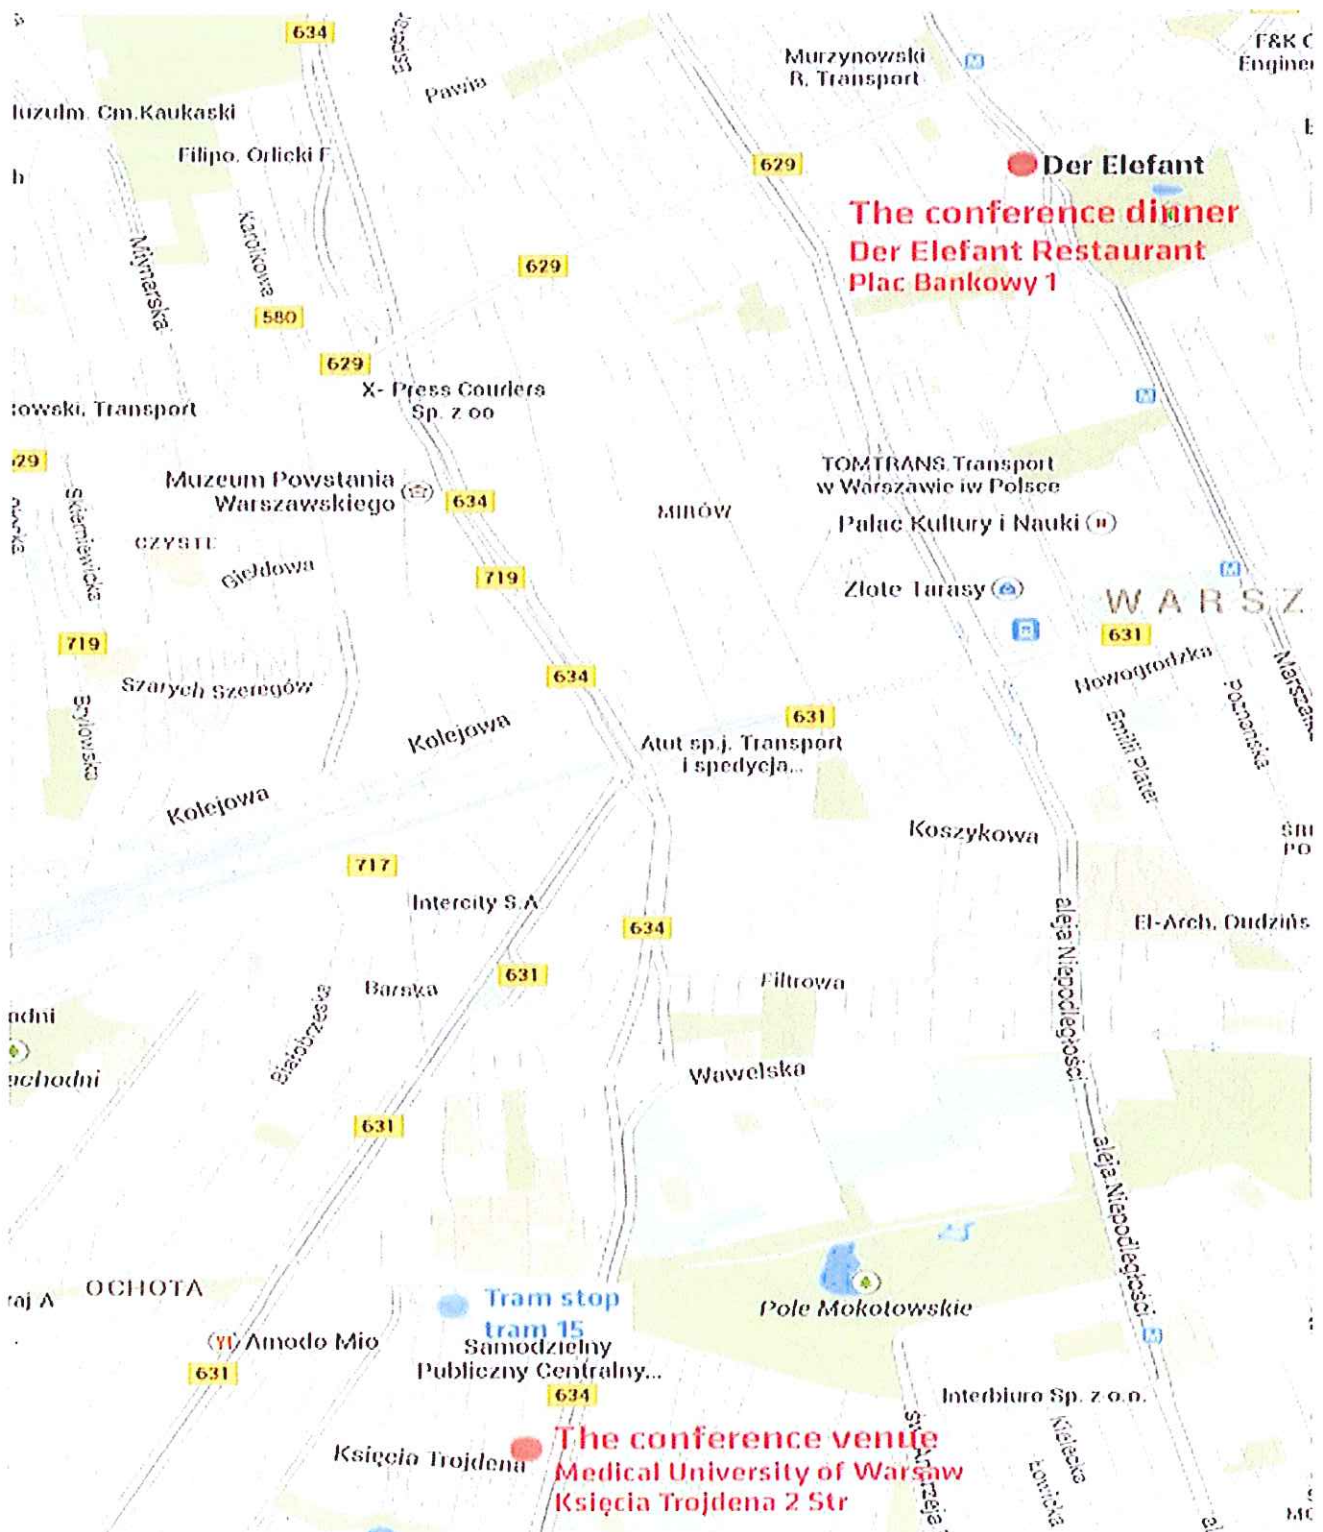

from your hotel

How to get for the Conference Dinner

19 September 2014

Time for unofficial and relaxed conversations with other conference participants.
Taste traditional Polish cuisine (also vegetarian) in one of well-known, moody
Varsovian restaurant - Der Elefant <http://www.derelefant.pl/>

START at 7 p.m. /cost: 160PLN/

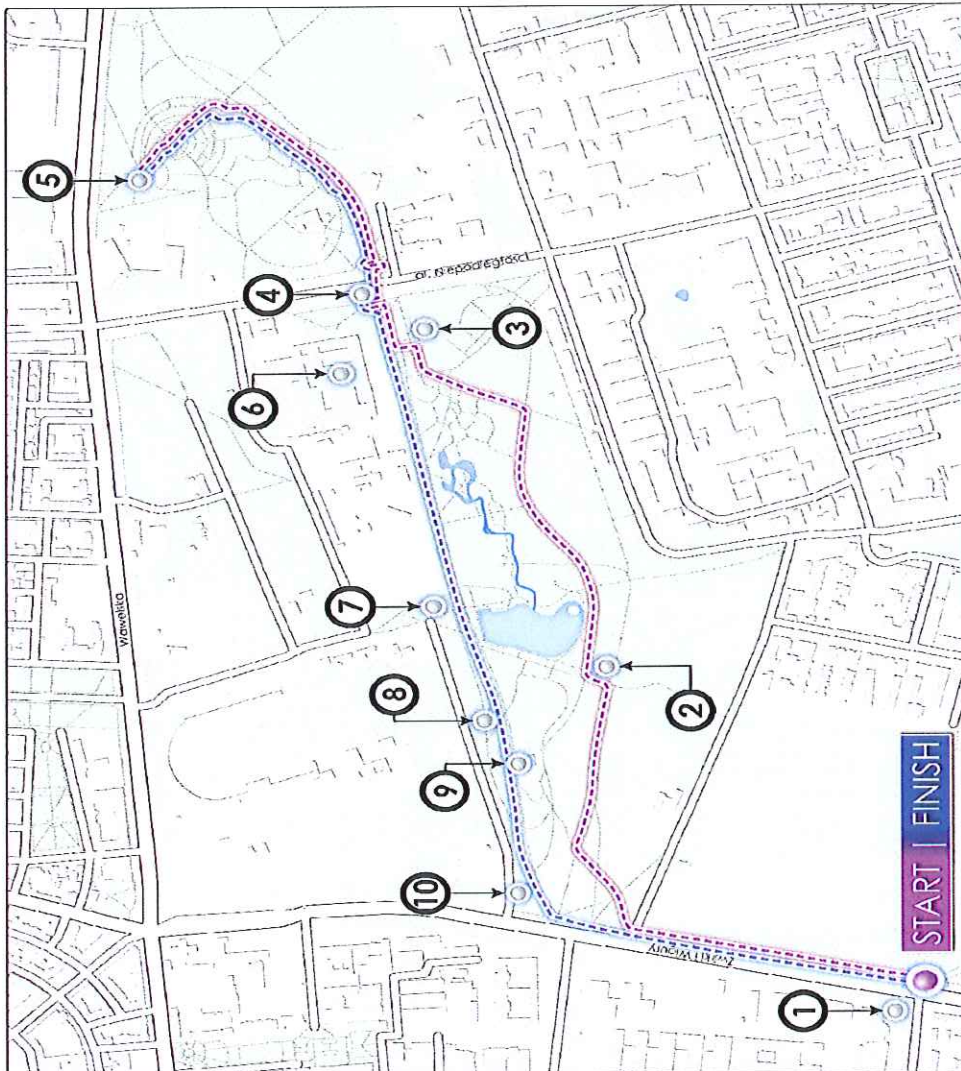

Run around Pola Mokotowskie

19 September 2014

Let's start the second day of the conference with a dose of sport. You will walk/run across the Pole Mokotowskie park – one of the largest parks in Warsaw. Start and ending point will be in front of the Medical University of Warsaw, where the conference takes place. We provide participants with INEBRIA RUN t-shirts.

	Medical University of Warsaw
	Merlin Pub
	Bolek Pub
	Footbridge
	Monument of the Fallen Pilots in WWII
	National Library of Poland
	Tola Grill Bar
	Monument of happy dog
	Lolek Pub
	Jeff's Grill Bar

INEBRIArun

POLE MOKOTOWSKIE

September 19th 2014

distance: around 6km; duration: around 1h; START 7:00 a.m.

Sightseeing tour around Warsaw

19 September 2014

Take part in Warsaw walking tour. You will be guided by professional city guide and hear main historical facts as well as some amusing stories about the capital city of Poland. The tour includes walk across the Old Town listed by UNESCO

Walking tour programme:

Sigismund's Column - the first secular monument in this part of Europe
The Castle Square

City walls and the Barbicane
Freta Street - where Maria Sklodowska-Curie was born
the New Town Market Square - why and when there were to Warsaws
the Warsaw Ghetto boundary markers - the story about unexistng district
Warsaw Uprising Monument
Miodowa Street - why there is 'Honey Street' in Warsaw
Ministry of Health

Meeting point: the Sigismund's Column at the Castle Square; duration: around 1,5-2h .

START 7:00 p.m

(bus stop 'Plac Zamkowy', buses: 116, 178, 180, 222, 503, 518; bus stop 'Plac Piłsudskiego', buses: 128, 175, 111 and then 5-minute walk to the Castle Square)

POSTER SESSION

19 September 2014

Garcia Claro H., Aparecida Ferreira de Oliveira M., Titus J., Ribeiro Tarifa R., Hayasi Pinho P. The Global Appraisal of Individual Needs - Short Screener: Portuguese adaptation and validation for use in Brazil

Wallhed Finn S., Andreasson S. Treatment of alcohol dependence: a randomised controlled trial comparing treatment in primary care with specialised addiction treatment

Morris J. Assessing the impact of regional initiatives in London to increase SBI activity

Barroso Dias J., Aguiar P. SBI training - A strategy for addressing Alcohol related problems on workplace in Portugal

Hyde J., French M., Johnson B., Tilotta M., Beveridge M. SBIRT Implementation in the US Army National Guard

Tantirangsee N., Assanangkornchai S. The key successful factors associated with substance cessation in schizophrenic patients with substance-related problems: A qualitative study

Craig L. ABI's for young people in the context of a multi-component Community Alcohol Campaign in Glasgow, Scotland

Queiroz N., Mendes Abreu A.M., Fernandes Portella L. Protection factor and ally the religiosity standard alcohol consumption and tobacco users in the family health strategy

Steinka-Fry K., Tanner-Smith E.E., Grant S.P. Effects of 21st Birthday Brief Alcohol Interventions on College Student Celebratory Drinking: A Meta-Analytic Review

Finnell D., Abreu A.M. M., Jomar R.T., Souza M.H., Queiroz N., Fernands D. B., Savage C.L. Using the Alcohol, Smoking and Substance Involvement Screening Test (ASSIST) Among Primary Care Patients in Brazil

Rodden A. Factors influencing effective implementation of Alcohol Screenings and Brief Interventions (SBIs) with young people: A frontline perspective

Thaikla K., Assanangkornchai S. Enhancing Prevention with the Substance Abuse and Alcohol Prevention (SAP) Games

Crombie L., Barbour J. Alcohol Brief Interventions, young people and the streets: Experiences from Fife, Scotland

POSTER SESSION

Andrade A., Boerngen de Lacerda R., Pinto Gomide H., Mota Ronzani T., Marcondes Marconela L., Oliveira Souza-Formigoni M.L. Effectiveness of a six-week web-based intervention (Bebermenos/Drinking less Brazilian site) in the reduction of alcohol related problems

Fitzgerald N. The Strengths and Risks of Using Diagrams to Conceptualise and Describe Brief Motivational Interventions

Soler-González C., López-Pelayo H., Barrio-Jiménez P., Gual-Solé A. SIDEAL. An mHealth solution for the alcohol-dependent

Ferguson S., Treanor M., Jepson R., McAteer J., Reid G. Evaluation of Alcohol Brief Interventions delivered as part of the > Keep Well health check in Easter Ross, Scotland

Williams E., Lapham G., Lee A., Richards J., Berger D., Ludman E., Bradley K. Readiness to change, confidence in ability to change, and severity of unhealthy alcohol use among primary care patients

Reinholdz H., Spak F. What are the health care staff's thoughts and experiences on working with early identification of risky drinking? A qualitative study of staff in PHCs in Sweden during implementation of early identification and brief intervention methods.

Berman A.H., Biguet G., Bois C., Lilienthal A., Uhlin L., McGrath C., Zary N., Suominen S. KIBEHMEDX. An example of a massive online open course in behavioral medicine.

López Pelayo H., Wallace P., Segura L., Díaz E., Baena B., Palacio J., Casajuana C., Colom J., Gual A. Randomised controlled non-inferiority trial of primary care-based facilitated access to an alcohol reduction website in Catalonia (Spain)

Segura L., Garmyn B., Ibañez N., Bruguera C., Rodriguez M.C., Colom J. Do brief interventions help improving the impact of workplace alcohol prevention interventions.

Diestelkamp S., Kriston L., Arnaud N., Wartberg L., Thomasius R. At-risk alcohol consumption patterns of alcohol intoxicated adolescents in the emergency department: A latent class analysis

Moura Rocha Brites R., Mendes de Abreu A.M. Alcohol use among workers: an intervention in occupational health

Mrozowicz-Gaudyn D., Carballo, J.L. Hazardous drinking profile among Spaniards

Falcón M., García R.M., González M.D., Manzano C., Torres F., Roman L., Hernández M., Villalbí A., García-Algar O., Pichini S., Luna A. Screening of drugs of abuse and brief intervention in a paediatric emergency department.
