

THURSDAY, 18th SEPTEMBER 2014

09:00-10:00			Opening and Plenary Lecture 1		
Nick HEATHER: The interpretation of null findings from trials of alcohol brief interventions: problems and solutions					
10:00-10:30			Coffee Break		
10.30-11.45					
AULA A		Room 117		Room 119	
Chair: R. Huebner		Chair: C. Cherpitel		Chair: E. Scafato	
SESSION 1: SYMPOSIUM 1 Screening and Brief Intervention across Settings, Patient Populations, and Providers		SESSION 2: Efficacy of SBI in different settings		SESSION 3: WORKSHOP 1 Developing evidence-based recommendations for practice: Methodological considerations from the BISTAIRS project	
R. Huebner: Screening and Brief Intervention across Settings, Patient Populations, and Providers		C. Cherpitel: Screening and Brief Intervention (SBI) in the Emergency Department among Mexican-Origin Young Adults: 12 Month Outcomes of a Randomized Controlled Clinical Trial		E. Scafato	
S. Sterling: Adolescent SBIRT Implementation In Pediatric Primary Care: Results from a Randomized Trial in an Integrated Health Care Delivery System		G. Bischof: Efficacy of the Community Reinforcement and family training for treatment-resistant individuals with alcohol use disorders: A randomized controlled trial			
F. Chi: Effectiveness of Screening and Brief Intervention in Reducing Risky Drinking: Results from an Implementation Study in Primary Care Setting		T. Barroso: Alcohol Brief intervention in patients in methadone maintenance programs: An experience in Portugal			
D. Satre: Motivational interviewing to reduce alcohol and drug use among adults in treatment for depression: 6 month outcomes		R. Dhital: Randomised trial of effectiveness of brief alcohol interventions delivered by community pharmacists			
C. Weisner: Effectiveness of Nurse-Practitioner-Delivered Brief Motivational Intervention for Young Adult Alcohol and Drug Use in Primary Care in South Africa: A Randomized Clinical Trial					

11.45-13.00

AULA A

Chair: **A. Gual**

Room 117

Chair: **F. Blow**

Room 119

Chair: **G. Bischof**

SESSION 4: SYMPOSIUM 2

The need to optimize the delivery of Brief Interventions: Results and conclusions from the Odhin project.

A. Gual: Introduction

M. Keurhorst: Implementation determinants for managing hazardous and harmful alcohol consumption in primary healthcare. A systematic review and meta-regression analysis of trials

M. Wojnar: How European general practitioners face alcohol problems

J. Colom, L. Segura: Beyond evidence. Lessons learnt from the ODHIN RCT

C. Angus: New evidence on the cost-effectiveness of Brief Interventions in primary care: results from the ODHIN trial

P. Anderson: So what? Policy implications of the ODHIN findings.

**SESSION 5:
Efficacy of E-BI**

N. Bertholet: Internet-based brief intervention for young men with unhealthy alcohol use: a randomized trial in a general population sample

F. Blow: Efficacy of Computer vs. Therapist Brief Interventions for Drug Users

K. Kuzubova, S. Harris: Computer-Facilitated Screening and Physician Brief Advice: Effects on Heavy Episodic Drinking Among Adolescents

S. Harris: Validity of computer vs. clinician screening of adolescents in primary care

SESSION 6:

Screening and brief intervention tools and guidelines

A. Baklazec: Screening for adverse childhood experiences among health professionals assessed for substance use and mental health disorders

G. Bischof: The German S-3 Guidelines for Brief interventions in the alcohol field

B. Reimann, C. Swenson: Beating the Odds: A Physician's Success Story on True Integration

A. O'Donnell: Developing and delivering tailored ASBI implementation strategies in primary healthcare and beyond: Preliminary findings from the BISTAIRS research project

13.00-14.00

Lunch

14.00-15.00

AULA A

Chair: J. McCambridge

Nick Heather Annual Lecture

Mary LARIMER: Screening and Brief Intervention for college student drinking: Successes, challenges, and the road ahead

15.00-16.30

AULA A

INEBRIA AGM

16.30-16.45

Coffee Break

16.45-18.00

AULA A

Room 117

Room 119

Chair: P. Anderson

Chair: P. Struzzo

Chair: J-B. Daepfen

SESSION 7: SYMPOSIUM 3

ODHIN cluster randomized factorial trial to increase screening and brief advice rates for heavy drinking

A. Gual: Introduction

M. Keurhorst: Methods of ODHIN cluster randomized factorial trial

M. Laurant, P. Bendtsen: Baseline results of ODHIN cluster randomized factorial trial to increase screening and brief advice rates for heavy drinking

P. Anderson: Implementation results of ODHIN cluster randomized factorial trial to increase screening and brief advice rates for heavy drinking

SESSION 8:
Efficacy of SBI in Primary Care

S. Assanangkorchai: Cost and cost-effectiveness of the ASSIST-linked brief intervention for alcohol and illicit substance abuse in primary care in Thailand

A. Krupski: Brief Intervention for Problem Drug Use in Public Hospital-Based Primary Care Settings: A Randomized Clinical Trial

P. Struzzo: The EFAR Italy RCT Study on an alcohol reduction website: the three months follow-up results.

SESSION 9: WORKSHOP 2

Brief advice or brief motivational intervention? Discussion about optimal efficacy according to patient profile, intervention and setting

J-B. Daepfen

FRIDAY, 19TH SEPTEMBER 2014

9.00-10.00

Plenary AULA A

Chair: **J. Colom**

Plenary Debate 1

Preben BENDTSEN and Sven ANDREASSON:

Internet alcohol interventions - can they stand alone or do they need to be integrated with a personal contact?

10.15-11:15

Coffee break/Poster Session (HALL)

11:15-12:30

AULA A

Room 117

Room 119

Chair: **L. Segura**

Chair: **J. McCambridge**

Chair: **M. Wojnar**

SESSION 10:
Screening tools

A. Bischof: Pilot study iPin- intervening in Problematic Internet use - Brief intervention for risk groups

J. McNeely: Validation of a computer self-administered Alcohol, Smoking and Substance Involvement Screening Test (ASSIST) in primary care patients

C. Swenson: Adolescent Screening and Brief Intervention for Marijuana Prevention in Colorado

J. Hahn: Comparing trends in unhealthy alcohol use measured by a phosphatidylethanol and self-report in persons with HIV in rural Uganda

SESSION 11: WORKSHOP 3

Design and conduct of randomised controlled trials of brief interventions for alcohol and drugs

J. McCambridge

SESSION 12:

Brief interventions in adolescents

E. Tanner-Smith: Brief Alcohol Interventions for Adolescents and Young Adults: A Systematic Review and Meta-analysis

N. Fitzgerald: Alcohol Brief Interventions in Youth Settings Outside Formal Education: Feasibility, Acceptability, Evaluability

S. Mitchell: Adolescent SBIRT Implementation in an Urban Federally Qualified Health Center: The First Year

E. Weitzman: Screening for Alcohol Use Among Adolescents with Chronic Medical Conditions

12.45-14.00

Lunch

14.00-15.00

Chair: **J-B. Daeppen**

Plenary debate 2: How does Brief Intervention work?

Molly MAGILL: Brief intervention mechanisms: What does current research on Motivational Interviewing process have to offer?

Jacques GAUME: What do we know about mechanisms of action of brief alcohol interventions?

15.00-15.30

Coffee break

15:30-16:45

AULA A

Room 117

Room 119

Chair: **N. Fitzgerald**

Chair: **M. Monteiro**

Chair: **D. Finell**

SESSION 13: Implementation of SBI

A. O'Donnell: Measuring the impact of financial incentives on the implementation of screening and brief alcohol interventions in UK primary care

M. Singh: Barriers and Facilitators to Delivery of Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services

H. Otete: Are there early opportunities to provide brief interventions in Primary and Secondary Healthcare settings in the UK?

N. Fitzgerald: Implementation of Alcohol Brief Interventions in A&E and Antenatal Settings in Scotland: A Qualitative Interview Study

SESSION 14: SBI Programs in different countries

F. Rosario: Differences between general practitioners groups with different attitudes towards drinkers: a post-hoc study of the ODHIN WP4 project in Portugal

K. Sinadinovic: Associations between attrition and baseline wellbeing for participants in two randomized trials investigating Internet-based interventions for reducing substance use

A. Mierzecki: ODHIN Study baseline results of screening and brief interventions for alcohol – are there country differences?

A. Bohnert: A brief intervention to prevent opioid overdose and improve overdose bystander response among patients in the emergency department

SESSION 15: WORKSHOP 4 Strategies for integrating SBI into health policy

D. Finell

16:45-17:00

Closing
